Protect your vehicles year-round with a premium carport

Increase your covered storage space and protect your vehicles, caravan, or boat with a robust yet stylish carport from Apollo Patios. Our stable and sturdy carports are built to last.

Whether you are looking to convert your garage into another room, need additional storage or have more cars than covered space, a carport is an excellent investment. Create the ultimate carport to shelter your vehicles from the elements and give yourself complete peace of mind.

An Apollo premium carport represents a quality finish and value for money you never thought possible. The right design can transform the entire look of your home, enhancing the curbside appeal and boosting not only its practicality but value.

Choice of roof sheeting:

Insulated Panel

Enhance the aesthetics of your home with a stylish finished ceiling look. This complete system is designed to offer superior protection, excellent noise absorption and a reduction in radiant heat transfer.

Single skin

An affordable option in a range of colours and to suit any budget.

At Apollo we know that each home is unique and that's why we custom design our carports to your specific requirements. Our carports are fully engineered using high-quality posts, beams, roofing and gutters manufactured in Australia by Apollo.

We can personalise your carport to perfectly match your home and taste; from size to height and colour. Modernise or enhance your property with your chosen colour palette and select your ideal look from a variety of styles and roof profiles.

Choose from:

- ✓ Traditional Gable style
- ✓ Flyover also known as Build over
- ✓ Skillion or Flat roof
- ✓ Free-standing

Our experienced Design Consultants will guide you through what can be built on your property within local regulations, and design a purpose-built carport that blends seamlessly with the character and architectural features of your home.

Finishing touches

For additional privacy and protection for your carport, add a stylish finishing touch with louvres and slats. Our powder-coated aluminum finish eliminates costly maintenance issues such as painting, cracking and warping as so commonly experienced with timber. Available in a range of colours and able to be installed in a vertical or horizontal configuration.

Louvres

Louvres offer protection from weather, while adding a modern feel to your carport.

Slats

Slats allow light in with moderate protection from weather and passing eyes.

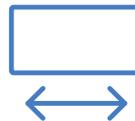

Our Roofing

Superior Strength

Lightweight and strong over large spans.

Superior Spans

Comprehensive engineering ensures a superior unsupported span, reducing unsightly understructure.

15 Year Warranty

Our roofing is supported by a 15-year warranty.

Proudly Australian

Designed, engineered and manufactured in Australia.

Disclaimer: Please note your local planning and council regulations may restrict you from building a carport on your property. Please check with your Design Consultant for information specific to your council and location. Information, imagery and illustrations are indicative and for marketing purposes only.
