Enhance your patio and make it usable all year round

Designed to provide a seamless transition between your home and outdoor space, allowing you to relax and enjoy your patio any time you want.

Whether you are looking for a screened enclosure that allows a gentle breeze but keeps pests out or a glass sunroom perfect for entertaining and protection from the elements, Apollo Patios has the solution to create your dream oasis.

There is no such thing as a one-size-fits all for a patio enclosure or sunroom, and that's why our enclosures are available in a variety of styles and designs to suit your home perfectly.

Screened enclosures

Are you looking for an outdoor space that you can enjoy all year round without being bothered by pesky insects and harmful UV rays? A screened enclosure from Apollo Patios is the perfect solution.

Enjoy nature from the comfort of your own home without sacrificing style or function. Provide your children or pets with a secure area to rest or play, with plenty of fresh air and natural light. Our durable and stylish screens enclosure your existing or new outdoor space, providing a barrier against unwanted insects or wildlife.

Glass patio enclosures

Transform your outdoor space into a private oasis with a custom-made glass patio enclosure, giving you more comfort no matter the weather or season. A glass patio enclosure from Apollo Patios, sometimes known as a sunroom, offers the best of both worlds.

With our high-quality glass panels, your existing patio space is made more practical and usable. Open your patio to enjoy warm weather, cool breezes, and uninterrupted views and close your patio to keep the cold out and the warmth in.

Please note that our range of enclosures does differ per state and area. Information, imagery and illustrations are indicative and for marketing purposes only.
