Shelter larger vehicles from the elements

Protect your recreational and specialist vehicles from potentially damaging weather with a custom designed shelter by Apollo Patios, the ultimate protection for your pride and joy.

Larger assets are usually a substantial financial outlay, so it makes sense to provide year-round protection once you return home from your adventures. Safeguard your investment and keep your vehicles secure and out of sight from passing eyes when not in use.

An Apollo premium vehicle shelter not only safeguards the value of your vehicles, but also adds practicality and value to your property. Perfect for a variety of specialist vehicles including boats, caravans, motorhomes, machinery, trucks and more.

We know that protecting specialist vehicles usually requires specific sizing, access, and extra clearance and that's why we custom design our shelters to your exact requirements and setting.

Choice of roof sheeting:

Insulated Panel

Enhance the aesthetics of your home with a stylish finished ceiling look. This complete system is designed to offer superior protection, excellent noise absorption and a reduction in radiant heat transfer.

Single skin

An affordable option in a range of colours and to suit any budget.

Whatever your vehicle, Apollo has endless options that provide a stylish look yet a robust and durable structure for complete peace of mind.

Each shelter is fully engineered using high-quality posts, beams, roofing and gutters manufactured in Australia by Apollo.

We take care of all the details from the size, height and colour to council approval. Personalise your vehicle shelter to suit your vehicle and match your home and taste. Select your ideal look from a variety of colours, styles and roof profiles and add real value to your property.

Choose from:

- ✓ Traditional Gable style
- ✓ Flyover also known as Build over
- ✓ Skillion or Flat roof
- ✓ Free-standing

Our experienced Design Consultants will guide you through what can be built on your property within local regulations and custom design a shelter perfect for your specialist vehicle.

Finishing touches

For additional privacy and protection for your vehicle shelter, add a stylish finishing touch with louvres and slats. Our powder-coated aluminum finish eliminates costly maintenance issues such as painting, cracking and warping as so commonly experienced with timber. Available in a range of colours and able to be installed in a vertical or horizontal configuration.

Louvres

Louvres offer protection from weather, while adding a modern feel to your carport.

Slats

Slats allow light in with moderate protection from weather and passing eyes.

Our Roofing

Superior Strength

Lightweight and strong over large spans.

Superior Spans

Comprehensive engineering ensures a superior unsupported span, reducing unsightly understructure.

15 Year Warranty

Our roofing is supported by a 15-year warranty.

Proudly Australian

Designed, engineered and manufactured in Australia.

Disclaimer: Please note your local planning and council regulations may restrict you from building a vehicle shelter on your property. Please check with your Design Consultant for information specific to your council and location. Information, imagery and illustrations are indicative and for marketing purposes only.
